Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

The house at 937 Reece Road in Severn is a two-story, five-bay-wide by four-bay-deep, gambrel-roofed, frame building that appears to date to ca. 1890. First-floor windows are segmentally-arched; second-floor windows have pedimental hoods. Primary windows are 2/2 wood sashes, with 1/1 wood sashes on narrower side-bays. The first-floor is clad in wide, aluminum siding; second-story is shingled. There is a one-story shed-roofed addition to the southeast and later, shed-roofed, one-story, one-bay porch over the central single-leaf entry door.

This property is an altered example of what was originally a stylish, late-nineteenth-century, late-Victorian single-family dwelling. Alterations detract from the house, which is recommended as not eligible for listing in the National Register.
